

**December 29, 2025, Special Board Meeting Written Comments
Received between Thursday, December 25th and Tuesday, December 30th
Submitted via Written Comments Form**

1	Hello, for this upcoming meeting. I hope that the board isn't trying to increase our property taxes, higher than what it already is. If you do then essentially you are kicking out the middle class of Chicago out of the city. We as a city cannot continue to pay higher and higher taxes when we can afford it. This is specially harmful for minority communities that are at the lower middle class. Please vote no on a tax increase.
